VOL. 16 OCTOBER 1955 No. 4

FIRE CONTROL NOTES

INDEX

April 1946-October 1955

A PERIODICAL DEVOTED TO THE TECHNIQUE OF FOREST FIRE CONTROL

FOREST SERVICE • U. S. DEPARTMENT OF AGRICULTURE

FORESTRY cannot restore the American heritage of natural resources if the appalling wastage by fire continues. This publication will serve as a channel through which creative developments in management and techniques may be communicated to and from every worker in the field of forest fire control.

Volume 16 Number 4

FIRE CONTROL NOTES

A Quarterly Periodical Devoted to the

TECHNIQUE OF FOREST FIRE CONTROL

The value of this publication will be determined by what Federal, State, and other public agencies, and private companies and individuals contribute out of their experience and research. The types of articles and notes that will be published will deal with fire research or fire control management: Theory, relationships, prevention, equipment, detection, communication, transportation, cooperation, planning, organization, training, fire fighting, methods of reporting, and statistical systems. Space limitations require that articles be kept as brief as the nature of the subject matter will permit.

FIRE CONTROL NOTES is issued by the Forest Service of the United States Department of Agriculture, Washington, D. C. The matter contained herein is published by the direction of the Secretary of Agriculture as administrative information required for the proper transaction of the public business. The printing of this publication has been approved by the Bureau of the Budget (September 16, 1954).

Copies may be obtained from the Superintendent of Documents, Government Printing Office, Washington 25, D. C., 20 cents a copy, or by subscription at the rate of 75 cents per year, domestic, or $1.00, foreign. Postage stamps will not be accepted in payment.

Forest Service, Washington, D. C.

	Issue	Page
Aamodt, E. E.		
Aamodt stubby plow	Apr.–July 1947	34
Jeep plow	Apr. 1951	32
Oliver tractor-tanker-plow unit	Oct. 1949	27
Rust preventive for water tanks	Apr. 1951	4
A slip-on attack unit	Oct. 1951	34
Accident check list for forest fire fighters	July 1954	14
Accident experience of smoke jumpers, 1948		
Region 1	Apr. 1949	21
Region 4	Apr. 1949	21
Actuarial fire planning in the northern region	July 1953	1
Actuarial method of fire suppression planning as applied to tanker distribution	Jan. 1950	43
Adams, Gifford B.		
Fire fighting organization and warden system	July 1950	14
Adams, Mervin O.		
Demountable transport bed for 50-man fire unit	Oct. 1948	44
Fire danger manning guide	July 1951	34
Inexpensive back-pack outfits for back-country fires	Oct. 1954	28
Inexpensive message tubes for air use	Apr. 1953	31
Mark your fires to find them	Oct. 1954	41
Shasta coffin tanks and trailer	Apr.–July 1947	42
Aerial detection		
effectiveness	Apr.–July 1947	29
preliminary survey of factors in visibility of small smokes	July 1946	22
Roosevelt National Forest	Apr. 1949	19
Superior National Forest	Oct. 1948	12
Aerial detection study, preliminary report	Jan. 1947	28
Aerial Equipment Development Center		
Disposable message droppers	Oct. 1954	5
Headlight attachment for hard hats	Oct. 1954	46
Long-rope parachute	July 1952	16
Methods of reinforcing standard 5-gallon gasoline cans for dropping	Jan. 1953	26
Parachuting heavy cargo	Apr. 1952	6
Pilot balloons for marking fires	Apr. 1952	35
Aerial observer versus lookout	Apr. 1954	35
Aerial photos on Boardman Ridge fire	Apr. 1952	33
Air cargo		
dropper's safety harness	Oct. 1950	20
roller platform for discharging	Oct. 1950	18
Air control, unit protection	Apr. 1946	3
Air currents affecting fire behavior	Apr. 1954	1
Air detection plan, Coeur D'Alene	Apr.–July 1948	36
Air Force fights fire on Tonto Forest	Oct. 1950	35
Air operations handbook; cargo dropping	Oct. 1947	20
Air rescue operation		
Region 1 stretcher carrier proved	July 1949	11
Air turbulence, possible relation to erratic fire behavior in the Southeast	July 1951	1
Airborne cooperation in Region 2	Oct. 1946	7
Aircraft		
amplifying systems	Apr. 1954	46
detection in West Virginia	Oct. 1951	42
forest fire control in New York	July 1949	43
nonmilitary (statistics)	Jan. 1951	43
portable electric megaphone	Oct. 1950	27
SX radio	Oct. 1948	30
use in control of lightning fires on the Black Hills National Forest	Oct. 1950	10
use, 1949	Apr. 1950	27
use by the U. S. Forest Service, 1950	July 1951	46
Airplane antenna for portable radio	Apr. 1951	22
Airplane delivery of hot meals	July 1946	8
Airplane dope for mounting map	July 1955	11

	Issue	Page
Airplanes		
and light pumpers on the Superior National Forest	Oct. 1950	36
cooperation with, in Region 2	Oct. 1946	7
for fire control, Virginia's use	Apr.–July 1947	26
safe cargo dropping	July 1949	18
safety points in mountain flying	Oct. 1954	24
toilet tissue to mark fires	Oct. 1954	41
use by U. S. Forest Service in 1946	Oct. 1946	39
Alaska helicopter "first"	Apr.–July 1947	25
Alderman, O. A.		
Vibration of plane struts dangerous	Oct. 1951	46
Aldrich, Merle		
Retainer clip for trombone pumps	Jan. 1955	16
Aleut pack strap	Apr. 1953	20
Alidade, Navy deck, as a forest fire finder	Apr. 1950	23
Allen, J. P., Little, S., and Somes, H. A.		
Choosing suitable times for prescribed burning in southern New Jersey	Jan. 1953	21
Aluminum pipe in fire suppression	July 1954	9
Ames, Fred G.		
Consolidated fire organization and dispatcher's board	Apr.–July 1948	24
Exploring the possible use of fireline plows in the west	July 1953	9
Forest-fire gasoline and oil kit	Oct. 1946	16
Planning for the use of fireline plows	Oct. 1953	35
Protection of tool handles from the powder post beetle	Apr.–July 1948	54
Tractor mud tongs	Oct. 1948	16
Use of electric wind vane by a coastal plain ranger district	Oct. 1950	9
Amplifying system in aircraft	Apr. 1954	46
Anderson, Burton D., and Jarboe, Earl A.		
Printing maps on fire finder disks	Jan. 1949	16
Anderson, Cleo J.		
Funnel attachment for 1-quart gasoline can	Jan. 1948	39
Horse-pack pump	Jan. 1952	30
Anderson, D. A.		
Bumper serves as container for torch fluid	Apr. 1952	30
Anderson, D. A., and Evans, E. F.		
Converting a standard jeep into a mobile forest fire fighting unit	Oct. 1949	34
Anderson, Martin, and Thom, Richard		
Illinois fire damage appraisal system	Oct. 1953	32
Anderson, R. Clark		
Private-county-State-Federal cooperation gets results in Utah	Jan. 1955	37
Anemometer		
direct-reading, for recording wind gusts	July 1954	46
mast	Jan. 1951	38
Antenna		
airplane, for portable radio	Apr. 1951	22
jointed, for FM handie-talkie radio	Oct. 1949	16
for handie-talkie improvised	Jan. 1950	14
rods, plastic balls for safety	Apr. 1951	20
safety holder	Oct. 1949	9
type SX radiophone	July 1949	27
whip, carrying, for portable radio	Jan. 1949	34
Appraisal, fire damage	Apr.–July 1948	27
Arcadia Equipment Development Center		
Butane-Diesel flame thrower	Oct. 1951	30
Ejector suction booster	July 1951	14
Experimental plastic water tank	Apr. 1951	19
55-gallon slip-on pumper-tanker	Jan. 1950	27
Fire pumper testing and development	Jan. 1950	12
Lightweight slip-on patrol tanker	Apr. 1955	30
New fire pumpers tested	Apr. 1950	1

	Issue	Page
Arcadia Equipment Development Center—Con.		
Pneumatic back-pack flame thrower	Jan. 1950	40
A portable power brush and weed cutter	Jan. 1954	9
Progress on proposed Forest Service standard slip-on tankers for ¾- and 1-ton vehicles	Apr. 1950	8
Slip-on convoy luber and fuel unit	Apr. 1950	12
Some pistol flares are dangerous	July 1954	39
Spiral rotor trencher—preliminary performance report	Apr. 1950	11
Tanker sprinkler bar	Oct. 1952	24
Temperature of vehicle exhaust system—fire hazard	Apr. 1954	13
Three projects in process at Arcadia	Jan. 1950	26
250-gallon slip-on pumper-tanker	Jan. 1950	32
Vehicle brake tester	July 1949	22
Area measurement, fire, novel method	Jan. 1947	16
Arkansas fire finder	Apr. 1950	16
Army		
brush truck for forest fires	Oct. 1949	12
equipment		
adapting to forest-fire fighting	Apr. 1946	6
testing for fire control use	July 1946	12
explosives for hazard reduction	Jan. 1947	42
methods, instruction for preservation of fire equipment by	Jan. 1947	33
range finder impractical for fire detection	Jan. 1947	36
Arnold, R. Keith		
Operation firestop	Apr. 1955	1
Arsenic trioxide, chemicals for fire prevention	Jan. 1950	9
Ash, Lowell W.		
Paper-covered piled slash	July 1951	18
Ash trays, auto, cans for emptying	Oct. 1954	37
on saddles	Jan. 1952	25
Asplund, R. W.		
A safe way to fell a burning snag	Jan. 1955	15
Training session in large fire organization	Oct. 1954	9
Atkinson, John H.		
Fire dispatching by use of radio selective calling	Jan. 1954	20
Attack, quick, pays off, Jefferson National Forest	July 1953	40
Aufderheide, Robert, and Morris, William G.		
Broadcast slash burning after a rain	Oct. 1949	1
Ax		
double-bitted, filing in field	Jan. 1953	13
handle, keep tight	July 1952	4
	Jan. 1953	31
handle remover for single and double bit ax and Pulaski	Oct. 1948	25
holder for dehandling	July 1946	30
sheath	July 1946	45
	July 1950	21
Ax-hoe	July 1952	21
Azimuth circles, stick-on	Apr. 1952	29
Azimuth, plastic	July 1953	13
Azimuth string rethreaded on fireman's protractor	Apr. 1954	29
Backfires, headfires cooler near the ground	Oct. 1948	8
Backfiring, mobile flame thrower	Oct. 1946	36
Backfiring torch	July 1946	39
combination tree marking gun and	Oct. 1947	21
explosion hazard tests	Apr.–July 1948	4
Back-pack flame thrower, pneumatic	Jan. 1950	40
Back-pack outfit, for back-country fires	Oct. 1954	28
pressurized	Oct. 1950	32
Back-pack pump	Jan. 1950	26
carrier	Jan. 1949	36
preventing gumming of	Jan. 1947	27
why tote	Oct. 1948	17

	Issue	Page
Bagger, blanket	Oct. 1951	39
Baird, John C.		
Forest fire scoreboard	Apr. 1951	8
Baker, Gail C.		
A new type of compass for smokechasers	July 1952	22
Baldwin, J. J.		
Tailgate step for power wagons	Apr. 1955	23
Three-point tie down anchors plow unit on truck	July 1955	22
Ballard, Harold L.		
Location marker for lookout reference	July 1953	46
Balloon, Japanese paper	July 1946	4
Balloons unsatisfactory for marking fires	Apr. 1952	35

INFORMATION FOR CONTRIBUTORS

It is requested that all contributions be submitted in duplicate, typed double space, and with no paragraphs breaking over to the next page.

The title of the article should be typed in capitals at the top of the first page, and immediately underneath it should appear the author's name, position, and unit.

Any introductory or explanatory information should not be included in the body of the article, but should be stated in the letter of transmittal.

Illustrations, whether drawings or photographs, should have clear detail and tell a story. Only glossy prints are acceptable. Legends for illustrations should be typed in the manuscript immediately following the paragraph in which the illustration is first mentioned, the legend being separated from the text by lines both above and below. Illustrations should be labeled "figures" and numbered consecutively. All diagrams should be drawn with the type page proportions in mind, and lettered so as to permit reduction. In mailing, illustrations should be placed between cardboards held together with rubber bands. *Paper clips should never be used.*

When Forest Service photographs are submitted, the negative number should be indicated with the legend to aid in later identification of the illustrations. When pictures do not carry Forest Service numbers, the source of the picture should be given, so that the negative may be located if it is desired.

India ink line drawings will reproduce properly, but no prints (black-line prints or blueprints) will give clear reproduction. Please therefore submit well-drawn tracings instead of prints.
